SUMMARY

Development is one of my greatest passions. I love to learn new technologies and implement them. Understand the systems completely in order to make it better. I am responsible, hard-working professional with the ability to work under pressure. highly motivated and a great team worker.

EXPERIENCE

Junior Web Developer

"Mashlimim Lehinuch"

📅 09/2020 - 12/2020 📍 Jerusalem, IL

I volunteered to "Mashlimim Lehinuch" association. We build a system of sheets reports, in which volunteers who work with children feed their work hours and the parents confirm via email. The system enables the managers of the NPO to easily keep track of the activity with the children, and avoid manual updates.

- Front End development
- Designed a secured login system based on one time passwords.
- In the client side, used framework such as Angular.
- In the server side, used technology such as NodeJS to create a server, and used tools such as Google APO.
- Build a mobile responsive UI using CSS.
